

SAINT PIUS X ELEMENTARY SCHOOL

ADMINISTRATION OF MEDICATION

Dear Parents:

If your child requires medication, please try to schedule it before or after school hours, if possible. If the medication must be given during school hours, whether it is prescription or non-prescription, we must have this form completed and signed by your physician and you. All medications are kept in the school office and must be in the original container with label affixed.

If it is a prescription medication, the child's name must be on the label. The purpose of this procedure is to make sure that your child gets the proper medication and dosage and that the school personnel responsible for its administration can do it safely and know the expected reactions to this medication. Medications containing narcotics or sedation for pain relief will not be administered at school for the child's safety.
