

Private Transportation

2016-2017

Students are to be picked up in one of three locations-rectory lot, front lot, or back lot. Pick up locations are determined by the usual way a child gets home from school, as a walker, car rider, or by bus number. Children that are being transported by other families should follow pick-up according to the usual way the child of the parent who is transporting gets home. You must communicate this information to your child.

Parents are welcome to park in a designated space in the front or rectory lot, or against the ball fields to come in and pick up their child/children. If you are staying in the traffic line, please put your last name on a card, place in the front window, and follow the directions given. We are dismissing over 600 students, so please be patient.

Front Lot

- **Students that are usually daily car riders**
- **Walkers**
- **Bus 40**
- **Bus 81**
- **Bus 90**
